**Do you question yourself as a parent? Do you wonder why your child's behavior has suddenly changed?
Do you wonder if there's a roadmap to raising successful children?**

This 3-part parenting series will provide the answers by increasing your understanding of your child's physical and mental development, helping you create a home environment where your child can thrive, and providing you with tips and techniques to support the healthy development of your child. You will leave feeling more confident, with a better understanding of who your child is and how you can support your child's development using items you already have in your home.

Registration Information:

- Registration is required by emailing cpcmecasld@verizon.net or by calling 617-696-2262. You will receive a confirmation phone call or email.
- Free childcare will be provided and **must be** reserved at registration.
- Your completion of an Ages and Stages Questionnaire for one child will be necessary as part of this series.

This workshop series is being made possible by a generous grant from the Milton Junior Woman's Club.

MECA is funded through a grant from the Massachusetts Department of Early Education and Care and is administered by Discovery Schoolhouse, Inc. We gratefully acknowledge the First Congregational Church for their generous support of our office space.
